## Experience

### Data Analyst

Internal Revenue Service

Aug 2022 - Present (10 months)

Enter, analyze, filter/clean, and visualize taxpayer data through programs such as Excel, SCRIPPS, and ISRP - meeting and often exceeding daily and weekly output quotas.

### Prep Cook

Dominic's Italian Gourmet

Jul 2017 - Jun 2019 (2 years)

Prepare and maintain ingredients for the chefs, such as cutting vegetables, making dough, preparing the broth, and making marinara. Often satisfied and exceeded management and customer expectations during the heavy workflow, busy days, and moments of adversity.

### Store Associate

Defense Commissary Agency

Mar 2022 - Jun 2022 (4 months)

Stocked and maintained store merchandise. With help of other team members, MCAS Iwakuni was the highest-grossing Commissary in Japan because of our efficiency of workflow & customer satisfaction.

Employment was short because I PCS'ed from Japan to Austin.

### Data Analyst Intern

Enterprise Hall

Aug 2021 - Sep 2021 (2 months)

Analyze and describe data sent in weekly via Excel; create algorithms that display the specified/desired data through Python. When finished, we needed to send in the programs and an in-depth analysis of what we did to solve the problem.

### **Web Development Intern**

#### **National STEM Honor Society (NSTEM)**

Aug 2021 - Oct 2021 (3 months)

Developing and debugging the organization's website with HTML, CSS, JS, and WordPress.

Additionally, I analyzed website data which includes traffic and communications between various organizations.

### **Vendor**

#### **Top Gun Services LLC**

Jan 2021 - Mar 2022 (1 year 3 months)

Stock and maintain accounts varied in food and items, some of which includes Frito Lays, Banquet, and Birds Eye

### **Social Media Manager**

#### **Iwakuni Thrift Store**

Sep 2019 - Mar 2021 (1 year 7 months)

Upkeeping the social media page of the thrift store included: updating what was in stock with Excel, analyzing and reporting data inquiries on sales, posting, replying to messages, and updating the store page.

On occasion, I submitted and processed payroll when management was not available.

## **Education**

### **Nucamp Coding Bootcamp**

#### **Computer Science - Full Stack Web and Mobile Development**

2022 - 2022

A full-stack development boot camp taught us to utilize libraries and platforms such as Bootstrap, React, React Native, database management, and the backend with MongoDB, Express, and Node.js.

### **Altcademy**

#### **Computer Science - Full Stack Development**

2021 - 2022

A full-stack development boot camp where we learned HTML, CSS & JS, Dynamic Website Development through Ajax, jQuery and DOM Manipulation, ReactJS with ES6, and Ruby On Rails. At the end, built a full-stack web application that utilized AWS for the backend and used several libraries for the front-end.
